If a club needs to be cancelled, students should email home to let parents know the changes to their school day. The library is always open after school if students need to wait to be collected. If a sports club is cancelled students are welcome to attend an alternative sports club. We will try to send out a message home where possible. If your child is in school but can’t attend their club due to an appointment, they should let the teacher running the club know.

Fencing Club Information

Try fencing!
Second fastest Olympic sport!
Only a bullet is faster than a sword!
